

	CERTIFICATIONS OF PRODUCT	F-07-03-07 Edi 1ª – 23/07/12
--	---------------------------	---------------------------------

Product:	TM000072	OILNAT CARROT LIGHT	Date	23/07/12
Supplier:	ALSTON NOVA, S.L.			

The text below indicates whether or not the product contains any of the following substances or ingredients:

INGREDIENTS	Yes/No	INGREDIENTS	Yes/No
Cowsmilkprotein	No	p- hydroxybenzoate (E214->E219)	No
Milk and derivatives	No	Tartrazine (E102)	No
Chicken egg and derivatives	No	Yellow FCF (E2110)	No
Soya and derivatives	No	Sunset yellow (E110)	No
Soya oil and derivatives	No	Amaranth (E123)	No
Cereals with Gluten ¹ and derivatives	No	Cochénille red A (E124)	No
Saccharose	No	Sorbic Acid (E200->E203)	No
Beef	No	Cinnamon	No
Pork	No	Vanilla	No
Chicken	No	Vegetables	No
Fish and derivatives	No	Peanuts and nuts derivatives	No
Crustacean (shellfish)	No	Glutamate (E-620 to E625)	No
Fructose	No	Shell- fruit ² and derivatives.	No
Corn	No	Sulphite ³ (E-220 to E-228).	No
Yeast	No	Phenylalanine	No
Cacao	No	Sesame seeds and derivate products	No
Coriander	No	Celery and derivate products	No
BHA/BHT (E320-E321)	No	Mustard and derivatives	No
Benzoic Acid (E210->E213)	No	Molluscs and derivatives	No
Lupin and derivatives	No		
GLUTEN. Presence of > 10 ppm Gluten or < 5 ppm Gliadin (ELISA technique?)			No
GMO's. Presence of GMO > 0.9 % (R.CE 1829/2003)?			No
GMO's. Presence of GMO < 0.9 % (R.CE 1829/2003)?			No
An IP (Identity Preserved) system exists to guarantee that product does not have to be labelled as GMO?			Yes

Irradiation Certificate ⁴	Yes	No	In affirmative case, indicate the kind of radiation,
Has the product been ionized irradiated?		No	
Does the product contain ionized radiated ingredients?		No	

Certificate of origin

Raw material used in manufacturing process	Country / origin zone
